Albatros

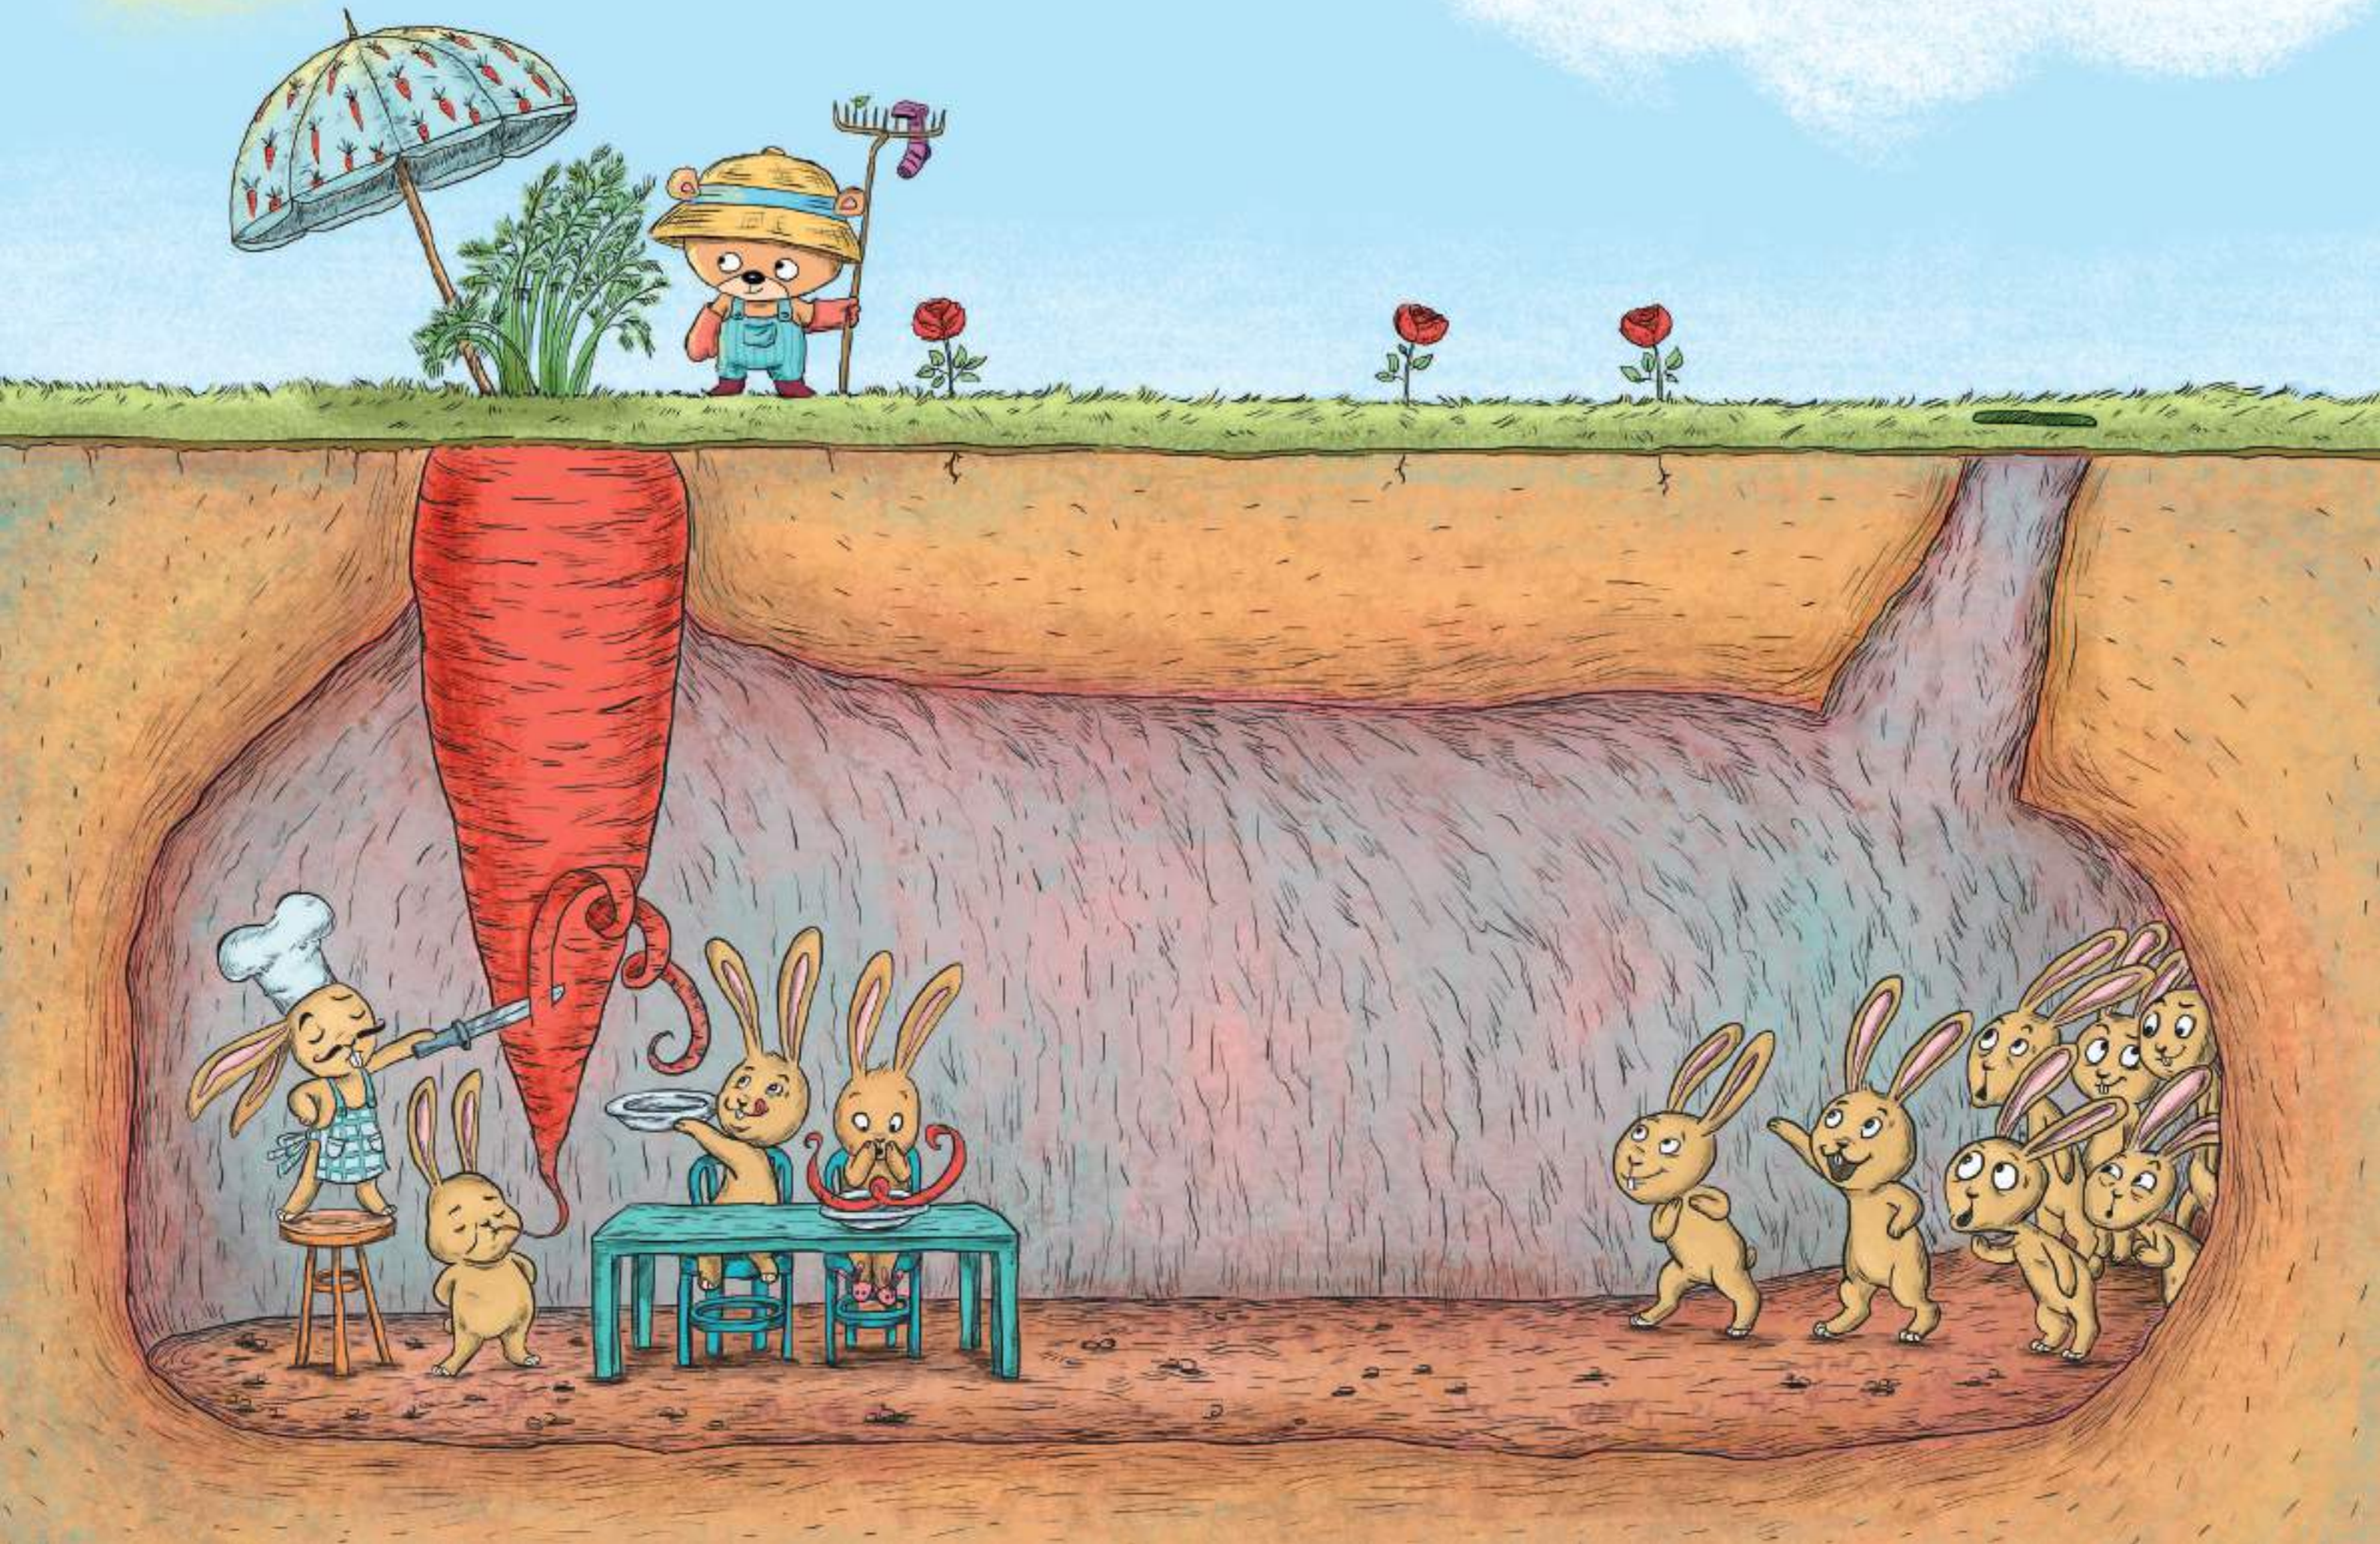

I care for it as well as I know how.

I water it every morning and every evening.

My plant doesn't like strong sunlight.

When it's very hot, I shield it with a parasol.

I never forget to say "Good night" to it.

If I did, I know it would never fall asleep.

It really is an odd plant.

I just have to know why it won't bloom.

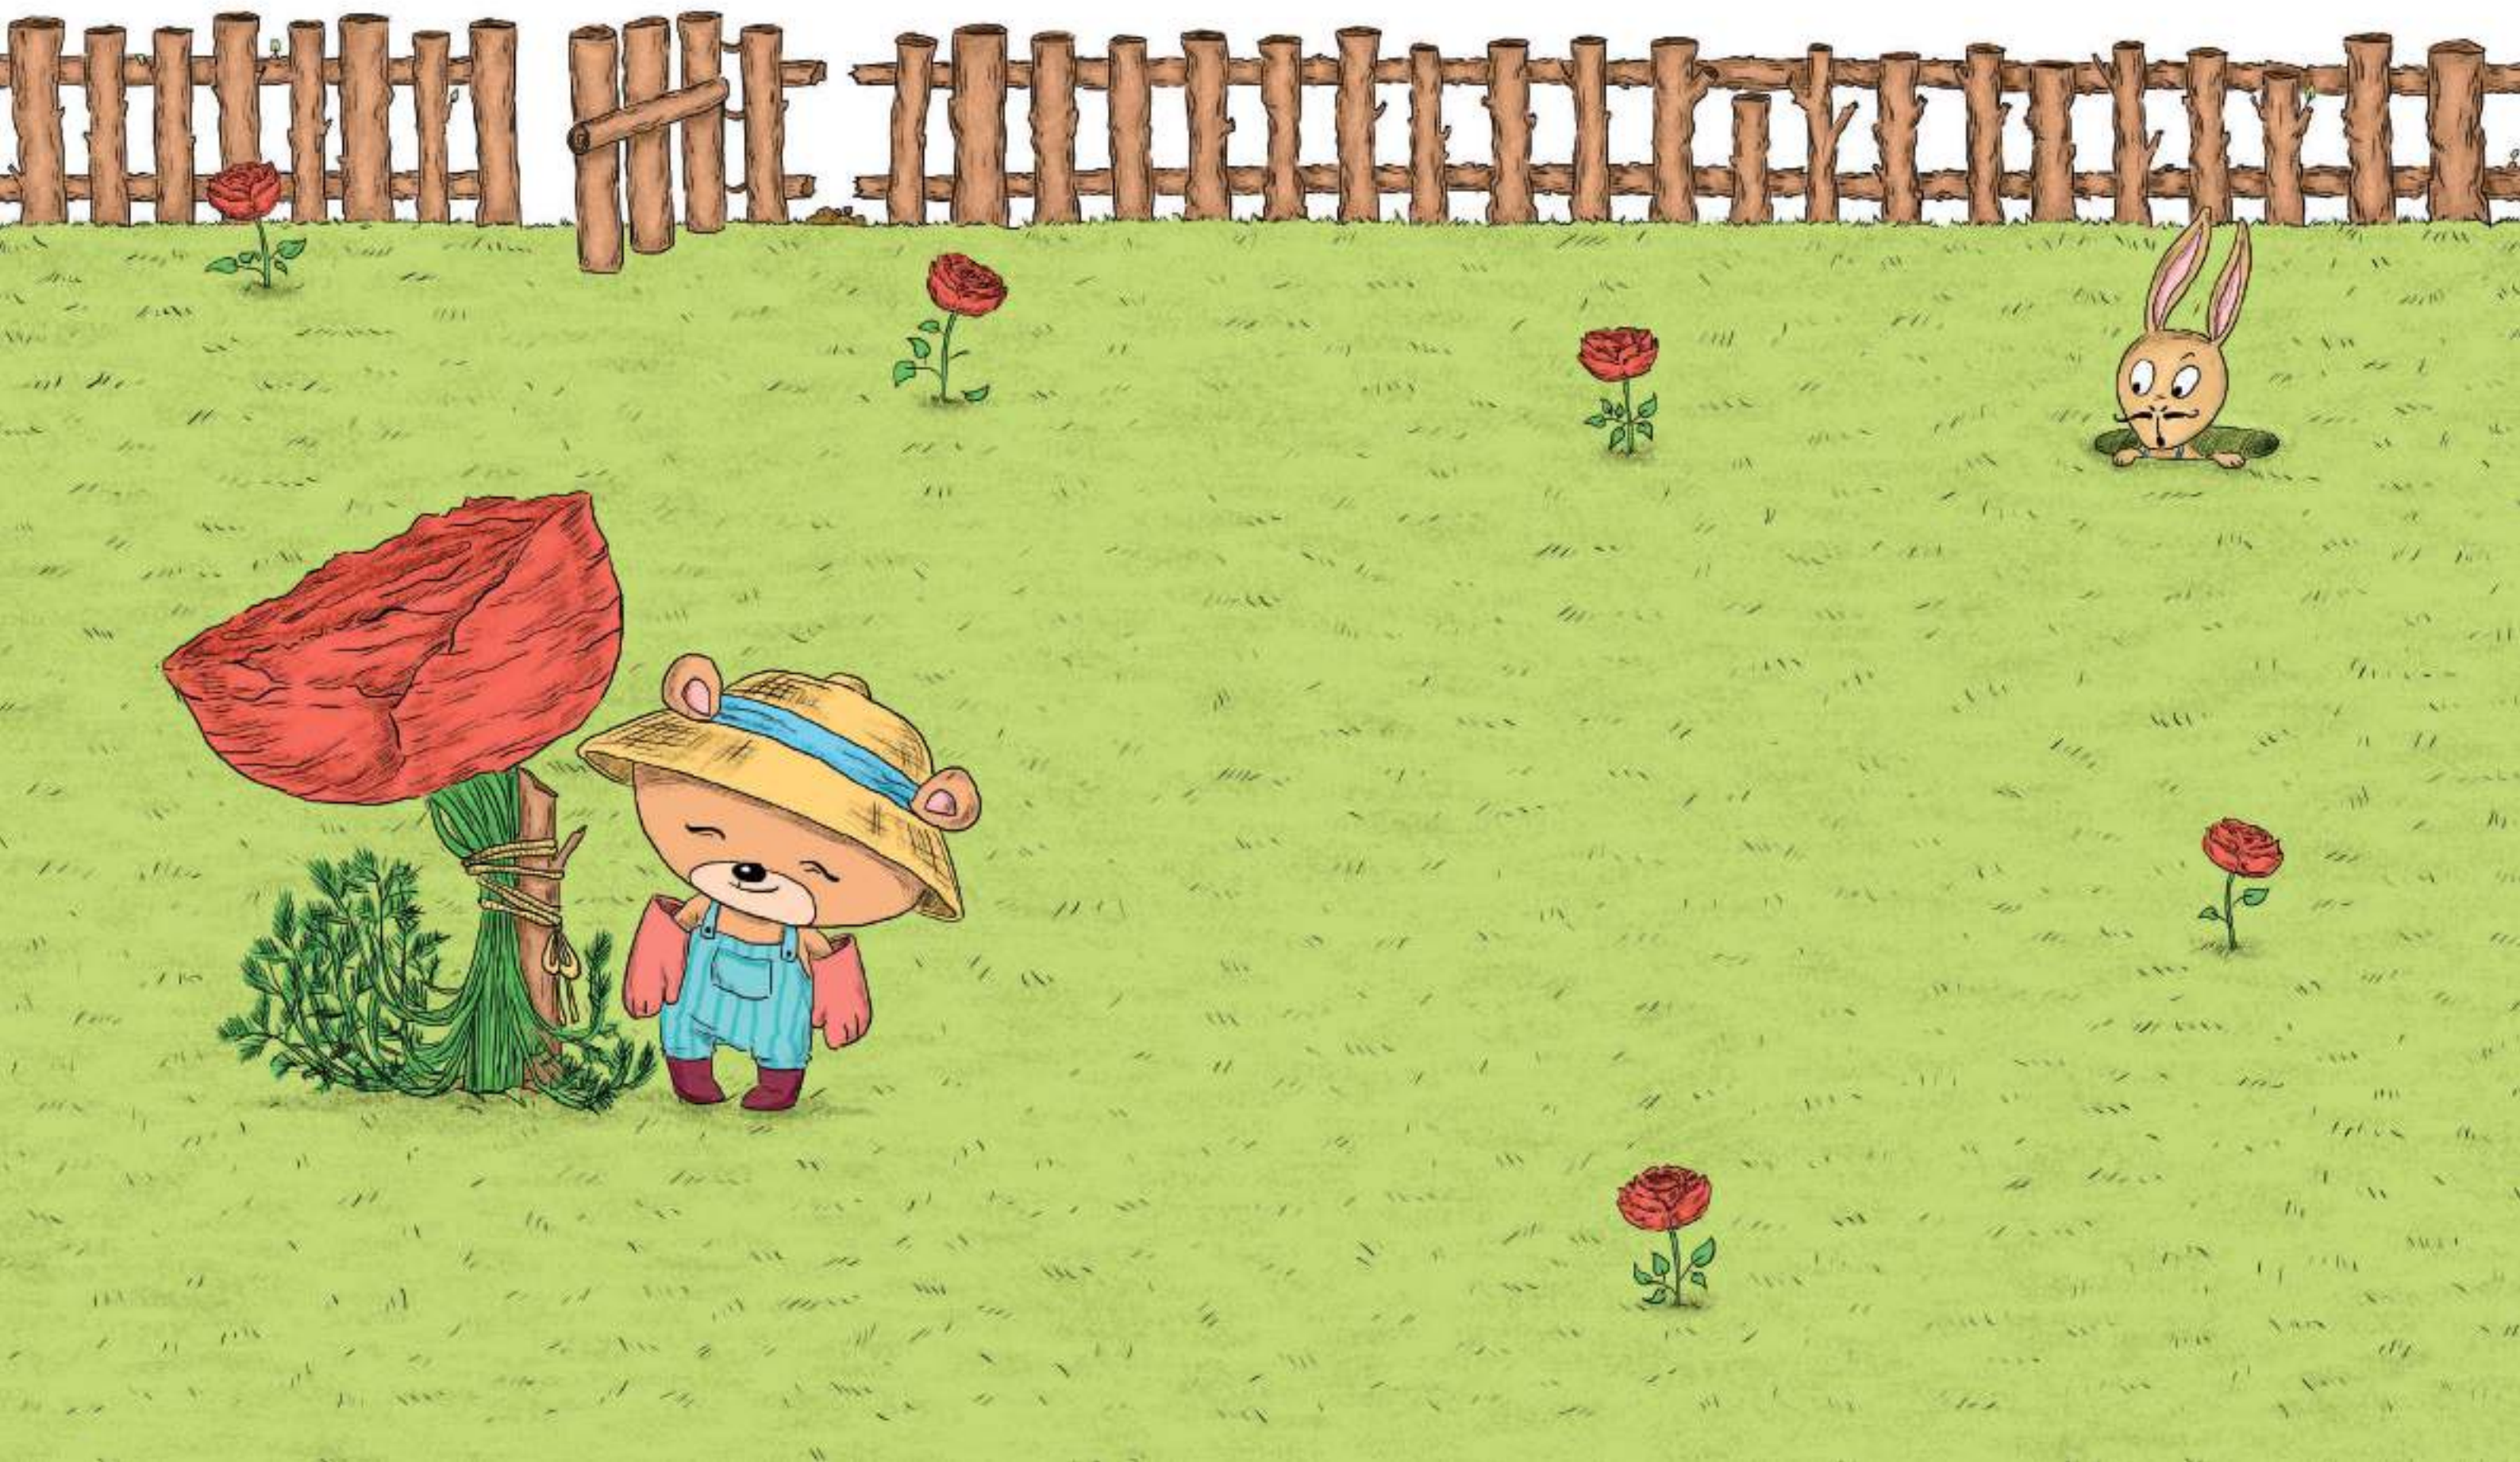

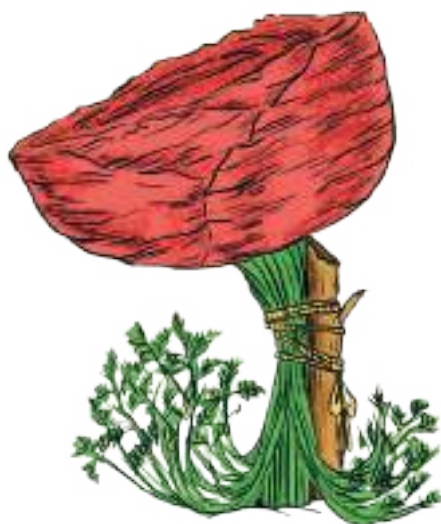

Now I know why it won't bloom!

What a mistake I made!

It was growing upside down!

Upside Down

“How lovely it is!” rejoiced the bear, on discovering a strange plant in his garden. Every day he watered it and shielded it from the sun with a parasol, and he never forgot to say “Good night” to it before bedtime. But the plant didn’t react. “Why won’t you bloom?” brooded the little gardener.

Little did he know what was going on underground!
