MEOW! MY NAME IS MOMO.
WOULD YOU LIKE TO COME PLAY WITH ME?

FOUR LITTLE KITTENS

Momo gave birth to four tiny kittens! She needs lots of yummy food to stay strong and feed them milk. Can you use your stickers to give her three full bowls of cat food and tuck her kittens into their cozy bed?

Did you know? When a cat rubs against your leg, it's saying, "You belong to me!"

FIND STICKERS THAT SHOW HOW FAST CATS GROW:

Week 1: the kitten sleeps and drinks its mother's milk.

Week 2: the kitten opens its eyes.

Week 3: the kitten takes its first steps.

Week 6: the kitten plays with its kitten siblings.

Week 13: the kitten is ready to find a new home.

Months 12 to 15: the baby kitten becomes an adult cat!

PLAYING WITH CATS

The cats have a brand-new playroom—a place to run and play just for them! There are ropes, climbing poles, and lots of fun toys.

Cats' tails help them keep their balance.

They can sharpen their claws on the scratching post.

CAT BODY LANGUAGE

Take a look at the kitties' postures and movements. What are they trying to say? How are they feeling?

CAT SHELTER

Not all cats are as lucky as Momo to be born into a loving home. Luckily, there are people at shelters who take care of cats and help them find a new, forever home.

Look, a new adoption! The kitty and the kid look so happy together!

IN THE CAT CAFÉ

At this cat café, you can sip hot chocolate while cuddling cute cats. When you visit, you help take care of them, too.

Watch out—this silly kitty might try to sneak a bite of your dessert! Give it a yummy cat treat instead.
